

ASMAA MEDHAT MORTADA

Front-End Developer (React.js) & Cross-Platform Developer | 2+ Years of Experience

Email: asmaamedhat507@gmail.com | El-Behara, Egypt (available to relocate)

LinkedIn: [linkedin.com/in/asmaamedhat](https://www.linkedin.com/in/asmaamedhat) | GitHub: github.com/asmaamdht | Portfolio: asmaa-medhat-portfolio.vercel.app

PROFESSIONAL SUMMARY

Front-End Developer (React.js) with 2+ years of hands-on experience building real-world web applications in remote work environments. Skilled in integrating REST APIs using Axios and managing server state with React Query. Experienced with API tools such as Swagger and Apidog, and familiar with Firebase (Authentication & Database). Focused on building responsive, scalable, and user-friendly interfaces with clean, maintainable code.

EXPERIENCE

Front-End Developer (Remote) | Galaxies Technology

2026 - Present

- Developed and maintained scalable web applications using React.js and TypeScript in a remote work environment.
- Built and optimized Progressive Web App (PWA) features to improve performance, offline access, and installability.
- Integrated RESTful APIs and managed data flow efficiently using Axios and React Query.
- Utilized Swagger and Apidog for API documentation, testing, and endpoint validation.
- Managed server state, caching, and synchronization using React Query to improve performance and user experience.
- Built reusable and modular UI components to enhance maintainability and scalability.
- Collaborated closely with backend developers to ensure seamless API integration and alignment with API contracts.
- Implemented robust error handling, loading states, and optimized data-fetching strategies for improved UX.
- Ensured responsive design and cross-browser compatibility across multiple devices and screen sizes.

Freelance Front-End Developer | Self-Employed

2024 - 2025

- Developed Printly, a web application for managing printing services using React.js, TypeScript, and Redux.
- Implemented dynamic pricing based on user-selected printing options.
- Managed application state using Redux for a consistent and predictable user experience.
- Built responsive user interfaces using HTML, CSS, and reusable React components.
- Collaborated with the client to implement requirements and deliver project updates.

Web Content Developer | ABG Egypt

2022 - 2024

- Designed and developed a custom CMS enabling easy content management and updates.
- Drafted and edited creative web content that consistently drove website traffic growth.
- Conducted data entry and verification to ensure accuracy and completeness.
- Successfully identified and resolved data entry errors, resulting in improved data accuracy.

TRAINING & INTERNSHIP

Front-End & Cross-Platform Development | ITI - Intensive Training Program

2025

- Worked practically with HTML, CSS, JavaScript, React.js, Next.js, TypeScript, React Native, and Flutter.
- Built multiple responsive interfaces and reusable UI components for both web and mobile.
- Applied state management using Context API and implemented async operations using async/await.
- Developed cross-platform mobile screens and integrated APIs for dynamic content.
- Gained hands-on experience in OS concepts, network essentials, and Git/GitHub collaboration.
- Completed several real-world mini-projects focusing on UI/UX, performance, and clean code practices.

- Implemented responsive designs deployable across multiple devices with minimal modifications.
- Utilized CSS-in-JS to style components and create a consistent UI look and feel.
- Created reusable components to reduce code duplication and ease future maintenance.
- Developed a single-page React application enabling users to access company resources easily.
- Employed modern JavaScript features (async/await, Promises) and leveraged Context API for state management.

PROJECTS

MoheetDashboard — TypeScript, React 2025

- Admin dashboard for efficiently managing customers and vendors in the Moheet application.
- Role-based views, data tables, and real-time management built with React + TypeScript.

EvTickDashboard — JavaScript, React, Tailwind CSS Jan 2026

- Full-featured admin dashboard for managing events, tickets, users, and real-time analytics.
- Enables organizers to track ticket sales, monitor users, and manage event data efficiently.

ModaTech — TypeScript, React Dec 2025

- E-commerce platform covering electronics, jewelry, and men's fashion.
- Features product filtering, cart management, and a fully responsive layout.

HerElegance — Flutter, Dart Jan 2026

- Mobile app for women's fashion shopping — browse products, view details, manage profile.
- Built with Flutter for a smooth cross-platform experience on Android and iOS.

EvTick — Flutter, Dart Dec 2025

- Mobile app for managing and booking event tickets with an intuitive UX and booking flow.

Burgerizza — TypeScript, React Oct 2025

- Restaurant web app with menu browsing, ordering flow, and responsive design.

Printly — JavaScript, React Jun 2025

- Web app for managing printing services with customizable options and dynamic pricing.
- Designed for scalability with reusable components and real-time price calculation.

RIWAK-G5 — HTML, CSS, JavaScript, Bootstrap 2024

- Responsive e-commerce furniture website with dynamic product listings and a clean UI.

SKILLS

Frontend Technologies

HTML5 & CSS3 • JavaScript (ES6+) • React JS & TypeScript • Next JS & TypeScript • PWA (Progressive Web Apps)

Mobile / Cross-Platform

React Native • Flutter • Firebase (Auth & Database) • Responsive & Adaptive Layouts • React Navigation / Flutter Navigator • Reusable Components

Styling & UI

Tailwind CSS • Ant Design • Bootstrap • React Bootstrap • CSS Preprocessors

API & Data Handling

REST API Integration • Axios • React Query (Server State & Caching) • Swagger / Apidog

Tools & Workflow

Git & GitHub • API Testing Tools • Responsive Design • Cross-Browser Compatibility • jQuery

Soft Skills

Problem-Solving • Time Management • Creativity • Communication

EDUCATION

Sadat University — Bachelor of Commercial English (Accounting Department)	2021
• GPA: 84%	

LANGUAGES

Arabic: Native | English: Very Good
